

QUALITY POLICY

Ocean Certification Limited is a limited company that provides certification to organisations in the fields of quality, safety, environment and energy efficiency of existing buildings.

Based in Newcastle upon Tyne we provide services in the UK and overseas which conform to the requirements of clients.

Ocean Certification's mission is to provide its clients with an independent user friendly and cost effective certification process in accordance with recognised standards, using suitably qualified and experienced personnel and accredited by UKAS and other nationally recognised accreditation bodies as appropriate

We have established the following objectives to help us achieve our overall business aims and to maintain our commitment to continual improvement. These are as follows:

- To develop new products and services that meet the ever-changing needs of our clients.
- Achieve growth in net income across all business units year on year and maintain existing client base.
- To assure a high standard of service to our clients through our Management System.
- To ensure that our staff and sub-contractors achieve appropriate standards through qualification, experience & training.
- To ensure that we comply with all relevant legal and contractual requirements.
- Evaluate & manage our business risks.
